

and now to be second national not yet gotten two-year-old city near making American the excuse to be or for the highways. They have across on the public as they dared. But now that they claim the right to throw the whole country into the bitterest of suffering because, as Mr. Dolan says, some forgotten community of miners in Michigan or Nova Scotia could settle a local grievance, a little too much Congress hopes to do something toward curbing the coal carrying roads in the rate bill now before Congress. But that will be a small step. What is more than a possibility is a move to break the back of the first organization, be it mine owners or mine workers, that forces another fight in the coal business. President Dolan admits that the mining has secured an advance of two per cent in wages in the past six years and reduced their hours of labor at the same time. And neither are the mine owners suffering any great hardship for lack of profit in their properties. The householder has lost them both fat, and the legged miner, who also votes, is ready to back Congress in any action it chooses to take, be it compulsory education, confiscation, or shot gun supervision of both mines and owners. There is no more to be done for the average citizen to endorse when it comes to keeping peace in the coal world. And Congress would welcome the necessity for making a move if the present discussion came to a rupture.

Frightfully Burned.
Chas. W. Moore, a machinist, of Ford City, Pa., had his hand frightfully burned in an electrical furnace. He applied Buckle's Arnica Salve with the usual result: "A quick and perfect cure." Great relief from the burning, wounds, sores, eczema and piles, says Mr. L. Sharp's, druggist.

Next we will be the pith of the foundation of the body. It is because an older people than any other method.

Consumption

There is no specific for consumption. Fresh air, exercise, nourishing food and Scott's Emulsion will come pretty near curing it, if there is anything to build on. Millions of people throughout the world are living and in good health on one lung.

From time immemorial the doctors prescribed cod liver oil for consumption. Of course, the patient could not take it in its old form, hence it did very little good. They can take

Scott's Emulsion

and tolerate it for a long time. There is no oil, not excepting butter, so easily digested and absorbed by the system as cod liver oil in the form of Scott's Emulsion, and that is the reason it is so helpful in consumption where its use must be continuous.
